TAXABLE PROPERTY INFORMATION

- 1) All data reported should be:
 - a) Actual acquisition costs including any additional charges for transportation and installation by year for each type of property described. These costs, less the standard depreciation as shown on the form will determine the net depreciated value.
 - b) Include all assets that may have been fully depreciated, written off, or charged to expense but are still owned. Do not include disposed assets.
- Reports are to be filed on an assessment year basis of October 1.
 Acquisitions between October 2 and December 31 apply to the new year. (i.e. acquisition made October 30, 2022 is reported in the year ending October 1, 2023).
- Computerized filings are acceptable as long as all information is reported in prescribed format.
- 4) Do not include disposed assets. Disposals are used to reconcile last year's reporting with this year's reporting.
