

LOCAL TESTING UPDATE:

Free COVID-19 testing is coming to our area. Community Health Center is providing pop up testing sites for both symptomatic and asymptomatic residents over the next three weeks. New details about locations in Chester or Deep River are highlighted below:

Thursday, 11/5, 9am-1 pm Saybrook Point, 154 College Street, Old Saybrook

Thursday, 11/12, 9am-1 pm Saybrook Point, 154 College Street, Old Saybrook

Tuesday, 11/17, 9am-1pm. St. Joseph's Church Parish Ctr, 47 Middlesex Avenue, Chester

Thursday, 11/19, 9am-1 pm Saybrook Point, 154 College Street, Old Saybrook

[Click here](#) to view all locations and hours of operation for Community Health Center COVID-19 testing sites, complete your registration form in advance to bring with you and to find additional details about the testing and view a video of the testing process.

This is the PCR nasal swab test - results will be available in 2-3 days and can be sent via email or text.

Please continue to be vigilant and do all you can to control further spread. Wear your mask, keep your distance while in public, and wash your hands.

Let's continue to keep our neighbors in mind and use the same common sense and good judgment that has helped Deep River maintain a low positivity rate overall.

Be safe, be well, be kind

Peace

Angus
