

**Town of Deep River
Request for Proposals
BID #: 2024-0328**

The Town of Deep River is seeking proposals from **a paving contractor**.

Sealed proposals must be received by Friday, April 26, 2024, at 12:00pm. The Town of Deep River reserves the right to award in part, to reject any and all proposals in whole or in part, or waive technical defects, irregularities and omissions if, in its judgment, the best interest of the Town of Deep River will be served.

SELECTION CRITERIA:

The selection for award will be based on the most responsible, responsive, and qualified bidder. Responsibility will be evaluated based on the candidate's previous experience, qualifications, references, and the ability to competently complete the work in a timely fashion. The Town of Deep River reserves the right to accept or reject any or all proposals, to waive the technicalities or to award the contract to the most qualified bidder who does not submit the lowest bid if it is in the best interest of the Town. A list of municipal references needs to be provided with proposals along with a list of relevant equipment the candidate owns to ensure the requirements of the project are met (see exhibits D and E).

Sealed Proposal Responses Due 12:00 p.m.	April 19, 2024

This project is scheduled to begin on or about May 1, 2024, and completed by June 30, 2024. The Proposer should bid the total cost of the work, parts and labor included as well as an estimated timetable for completion.

If applicable, all town road construction bids shall include Police coverage for traffic control. The number of police required for traffic control for each project/construction pattern or the option to utilize civilian flaggers (trained and certified) shall be at the sole discretion of the Traffic Authority for the Town of Deep River (First Selectman or his designee). Please refer to Exhibit A and Exhibit B for additional information.

Any change orders for payment must be submitted in writing to the First Selectman who must agree with the change order which will be signed by both parties.

REQUEST FOR PROPOSALS CONDITIONS:

- All proposals in response to this RFP are to be the sole property of the Town of Deep River.
- The Proposer agrees that the proposal will remain valid for a period of 180 days after the deadline for submission and may be extended beyond that time by mutual agreement.
- The Town of Deep River reserves the right to reject any or all bids; waive informalities or defects in bids; make extensions to review bids and accept the bid(s) that, in the Town's judgment, will be in its best interests, whether or not it is the lowest dollar proposed.
- The Town of Deep River may amend or cancel this RFP prior to the due date and time, if it deems it to be necessary, appropriate or otherwise in the best interest of the Town of Deep River. Failure to acknowledge receipt of amendments, in accordance with the instructions contained therein, may result in a proposal not being considered.
- The Proposer must certify that the personnel identified in its response to this RFP will be the persons actually assigned to the project.

- The Contractor is required to secure all permits from the Town and submit an insurance certificate naming Deep River as an additional insured. ***See insurance requirements attached hereto as Exhibit C.***
- Prior to submitting a bid, the contractor is responsible for examining existing conditions and available supporting documents which may reasonably affect their work on the project.
- If the contractor would like to view the existing conditions, said request may be made through the First Selectman's Office.
- Any costs and expenses incurred by Proposers in preparing or submitting the proposal are the sole responsibility of the Proposer.
- A Proposer must be prepared to present evidence of experience, ability, and service.
- No additions or changes to the original proposal will be allowed after submission.
- A list of municipal references needs to be provided with proposals along with a list of relevant equipment the candidate owns to ensure the requirements of the project are met (see exhibits D and E).
