Application for Use of Plattwood Park Town Recreation Facilities
Park Use Policy – Plattwood Park/Pavilion/Athletic Field

All groups/persons that file an application for use of Plattwood Park need to adhere to these general guidelines and rules put forth by the Deep River Parks and Recreation Commission.

- **No alcoholic beverages are allowed to be consumed** in the park without prior permission by the Parks & Recreation Commission.
- A \$250.00 security deposit/cleaning fee will be collected from any group or individual that files an application for park use and intends to use the pavilion or park grounds during their event. This fee will be collected at least two weeks prior to your event and held without interest by the Parks and Recreation Commission. The deposit may be applied toward the cost of damages or cleaning. The fee will be returned without interest, thirty days after the conclusion of use pending no damage or change to the park facilities which required corrective action on the part of the town.
- Any and all damage to Parks and Recreation facilities, equipment, furnishings, and/or property must be corrected and all costs involved paid for by the applicant. Parks and Recreation also reserves the right to limit future use of any facility by said person or group if damage is not rectified.
- Provide the commission, at least three weeks prior to the event, with a certificate of liability insurance with a minimum of \$1,000,000 coverage that indicates the Town of Deep River as 'additional insured'.
- Depending on the size and nature of your event, a Deep River police officer may be required to be present during your event. You will be responsible for payment. Each application submitted for groups of 25 or more, will be presented to the Town's Resident State Trooper for review and determination. The police are charged out at four-hour minimum. The rate is \$75/hr.
- No changes whether structural, cosmetic or temporary shall be allowed to the park property without prior written approval of the Deep River Parks and Recreation Commission. This includes but is not limited to any upgrade of lighting or facilities' equipment (i.e. pavilion, reconfiguration of picnic tables, garbage cans, etc.). All expenses incurred by the Town for removal of such changes or modifications shall be paid by the offending group or individual. This includes expenses incurred to restore the area to how it was found.
- There is a four hour minimum when reserving the pavilion. Extra fees may be imposed for any time over 4 hours
- **No driving or parking on the grass.**
- If you need to gain access to the pavilion to unload your vehicle or set up equipment, the gate guard will supply a key to unlock the chain at the entrance to the grassy area. **YOU ARE RESPONSIBLE FOR PUTTING THE CHAIN BACK IN PLACE.**
- **Remember the area is under video surveillance, if damage does occur, the town will review these cameras to verify loss.**
- All persons and groups are expected to remove garbage from the ground and to empty garbage cans to the large rolling carts located throughout the park. If the rolling carts have been moved by you for your convenience they are expected to be put back to their original location before your group exits the park.
- No surface fires are allowed. If grills are used, you are responsible for properly cleaning the grills and removing any ash or waste.
- **All Parks and Recreation activities take priority over other facility use requests.**
- Additionally, all persons using Plattwood Park are expected to abide by all the posted park rules.
- For small gatherings (<25 persons), you are allowed 10 out of town passenger vehicles free of charge; should non-resident guests want to remain in the park beyond the hours of the event, they will need to purchase a day pass from the gate guard.
- Refrain from playing loud music or using the area in such a way that it interferes with the enjoyment of the park by other patrons to the park.

****In addition to the above, for all groups/persons that file an application for use of Plattwood Park for the purpose of a large gathering (>50 persons) these additional rules/guidelines apply:**

- Based on the park use application, P & R utilizing guidelines and recommendations of the American Lifeguard Association and the American Red Cross, may require the applicant to provide certified lifeguards for the event.
- You are required to have people on hand to help direct parking.
- All persons entering the park that do not have a park use sticker on their windshield may be subjected to the daily park use fee.
- **Before distribution, all advertisements must get reviewed and approved by the Commission.**
- Regardless of residency, applicants/groups may be required to pay the \$175.00 use fee.
- Should the event generate revenue, the Parks and Recreation reserves the right to impose a 10% fee on all profits.
- For events > 50 persons, portable toilet facilities are required, one additional unit for each 75 patrons.
- The Parks and Recreation Director has been given the authority by the Parks and Recreation Commission to evaluate the park and field conditions and consider potential parking issues in making final decisions concerning the use of the park by individuals and/or groups.

*** In addition to the above requirements, all groups filing an application for field use must abide by the following rules ***

- All team sports utilizing the park fields for practice or games must submit a team roster(s) no later than four weeks prior to the opening day of practice for a season. Rosters should include town of residency for each player listed.
- There is a \$15.00 per player charge for non-resident participants. This fee is due prior to the start of the season.
- A game and practice schedule must be submitted with the application. P & R will determine if the dates are available.
- Once dates have been approved, groups/teams are not allowed to schedule additional home games (make-up games) unless the Parks and Recreation Department has been notified and has cleared the dates on the park calendar. All requests must be provided at least 72 hours in advance and in writing. Non-compliance may result in denial of field use for the remainder of the season.
